

Popped Bubble Art

Materials:

Bubble Mix
Bubble Wands
Small Bowls
Food Coloring
Paper

Instructions:

1. Pour 1 tablespoon of bubble mix into a small, shallow bowl.
2. Add a few drops of food coloring to the bubble mix and stir well
3. Place your bubble wand in the colored bubble mix, remove and blow bubbles towards your paper.
4. As the bubbles hit the paper and pop, they will leave interesting patterns. Repeat with other colors.

Note:

Food coloring will stain clothes and/or surfaces, so you may want to avoid doing this activity on windy days, and wear old clothes.

The paper can be used to make cards or gift wrap once it is dry.
